# Foreword

*From the first moment of its conception, this the 1939 Hyakem, has been planned with one definite aim: namely, to transfer to the printed page a kaleidoscopic view of the year's activities, coherently blended into ten divisions by modern interpretive photography.*

# ADMINISTRATION

"FROM DARKNESS TO LIGHT"

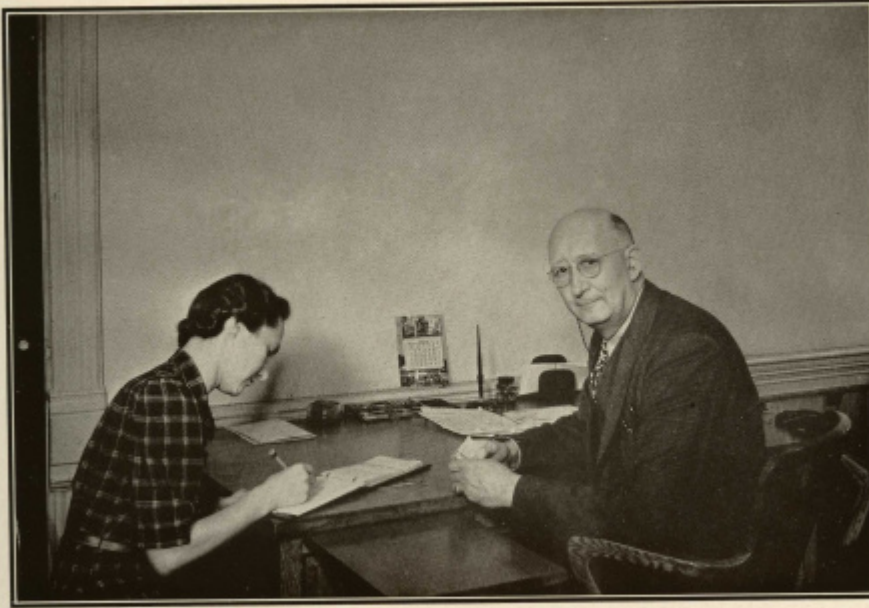

**PRESIDENT McCONNELL**

"Fortunately, there is a great variety in college life. In that variety is found the experiences essential to giving a rich background for the future leaders who are in the making. The Hyakem, which is created by students, presents a good sampling of the great many college activities which occur in a year. Through word and picture, it leaves a record of the personalities in the faculty and the student body. It leaves with us pictures of the buildings, organizations, and scenes with which we have had intimate contact. It is a history which we shall prize in years to come. I am glad that I have been privileged to have a part in it."

ROBERT E. McCONNELL,  
President.

**DEAN WHITNEY**

"This year the pictures of the administrative officers of the College show us all at work. Heretofore we have faced the camera with a "Smile, please," as if we had nothing to do. Here is evidence that we can still smile though we are at work. All are inclined to rebel when work presses, but work is our salvation as well as yours. Most of the things we must do are done to make your work more profitable and to help you solve your personal problems. In that thought there is pleasure."

H. J. WHITNEY,  
Registrar.

**DEANS HOLMES**

"Real people grow with responsibility; others just swell. Try and be a member of the former group—there is less competition."

O. H. HOLMES, JR.,  
Dean of Men

"From these annual deanly springboards of noble advice, I hope that you may dive into the clear, cold waters of reality without too big a flop,—without too big a splash,—without too big a mouthful of ocean. "Sink or swim," my dears, as Horatio Alger long since admonished."

MARGARET COFFIN HOLMES  
Dean of Women

"Don't worry! Glorious adventures lie ahead for you!"

DR. EMIL E. SAMUELSON  
Director of Personnel

**TEACHER TRAINING**

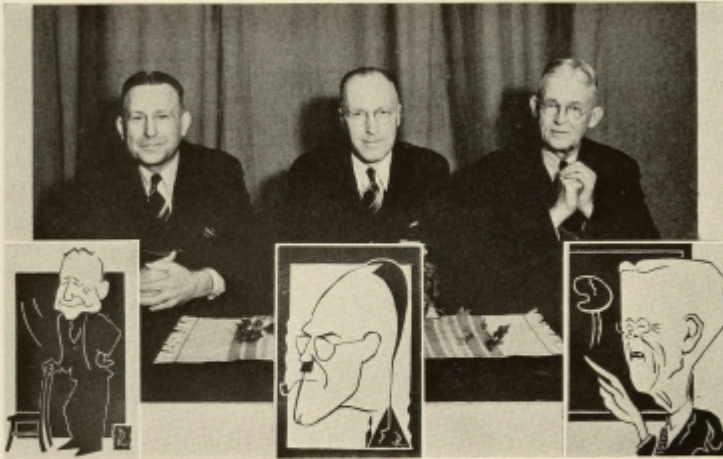

President McConnell and Miss Amanda Hebel turn first dirt for the new elementary school

"For many years we have dreamed of having on our campus a modern elementary school building. At the present time our dream is developing into reality.

Our new College Elementary School has been planned to meet the needs of teacher education by attempting to provide, first of all for the children an ideal living environment while at school, and secondly to give to college students rich opportunities for studying children and modern educational procedures."

The aim of the health and physical education department is to build sound bodies and graduate a group of students trained to carry on a health and activity program in the public schools.

Leo Nicholson and George Mabee are given the double task of coaching the major sports, carrying on a very diversified intra-mural program and teaching courses in health education.

Dorothy Dean, head of the women's department in physical and health education, is given the task of teaching upper division classes in health and assigning to each and every freshman and sophomore an activity program to last for six quarters.

The dancing and sports program for women is conducted under Jesse Puckett and Rosamond Wentworth. A variety of courses is offered to all students on the campus.

Leslie Hull has the double role of nurse and instructor in health education. She is ably assisted by Alice Flowers. Together they are responsible for the health of the entire campus, work with the problems in health of the training school children and conduct a very efficient infirmary.

Through the efforts of these people, a complete health service and courses in health, hygiene, and activity are provided.

The department of Health and Physical Education has shown remarkable growth in the past years. Every season finds new activity courses offered the girls to help prepare them for active participation in playground work.

Who on this campus has failed to take at least one sniff into the Health Ed. 50 course to see if the cats were still there? All students remember the courses offered by Mr. Nicholson with their side-lights in the problems of the current football and basketball season.

Every girl can find her favorite sport among the many listed in the catalog: baseball, basketball, volley ball, tennis, badminton, hockey, soccer, field ball, archery, and tumbling. Usually a new experience for the girls are the courses in creative dance, folk dancing, clogging, and social dancing. The Folk Festival and the Dance Drama were the colorful exhibitions given by students in this section of physical education.

Well-known figures on the campus are the members of the department—Miss Dean, Miss Puckett, and Miss Wentworth.

**INSPIRATIONAL AWARD**

Allen Goodman was voted the Rotary International Trophy for the '38 season, which he justly deserved. His end play was particularly outstanding. Knifing through opposing lines, he constantly stopped plays before they could get under way.

**HONORARY CAPTAIN**

George Palo, veteran of three years, was elected Honorary Captain by his teammates. On offense he was one of the best blockers on the squad, and his work in backing up the line on defense was of high caliber.

**AWARDS**

Inspirational and Honorary Captain Awards went to Don Sanders. Playing his third year of first team ball, Don proved to be the steadying influence and the hardest-driving member of the squad. When the "chips" were down, Sanders would come through. His floor work, together with his accurate passing and shooting, greatly helped in winning many ball games. He will be back next year to spark the squad.

# TENNIS

Four year veteran, Tom Stephens played magnificently this year. Although he was No. 4 man, it can be said without doubt that Tom's game was at its best since he entered college. His serves are swift, and his best shot is a smashing, overhand drive while close to the net.

Clint and Clyde Knox were responsible for the revived interest in tennis shown in this college this year. Both netsters are believers in fast play. They have sizzling serves and fast backhand and forehand drives. Clint plays in the No. 2 slot, while Clyde is No. 2 man. Both are freshmen this year. At the top is Clyde.

Ray Whitfield, another frosh who played as the third man, won several matches during the season. Relying on a good forehand shot, he stayed in there swinging. His serve is deadly.

Frank Crimp, another of the set of promising freshmen, played several opponents of high caliber. Crimp has an uncanny ability for placing fast shots along the sidelines. He also has a powerful overhand drive while playing at net. Much will be heard from him in the future tennis seasons.

Under the able direction of the Music Department, the music activities this year have surpassed all those of previous years.

The A Cappella Choir, under the capable direction of Wayne S. Hertz, has shown marked progress. It presented two concerts, the "Nativity," assisted with the "Elijah" and the baccalaureate services.

The choir has enjoyed several trips to various points throughout the state. It presented programs assisted by Mr. Milton Steinhart, violin, and Miss Juanita Davies, piano, in Selah, Yakima, Wapato, Sunnyside, Grandview, Toppenish, Ellensburg, Cashmere, and Wenatchee high schools. It participated in the North-Western Music Education Conference in Tacoma and made a Radio Broadcast from K.V.I.

The manner in which they were received on these occasions proves the choir's outstanding ability.

The orchestra directed by Milton Steinhart presented two concerts. Other activities included music for the "Nativity," for school plays, for the "Elijah" and for commencement. Their brilliant performances were received with great enthusiasm by all listeners.

The band under the direction of Cloice Myers has entered into numerous campus activities which include playing for football and basketball games. They presented a colorful spectacle in their marching formations with their new uniforms. During the year they presented two concerts in the college auditorium. For the first time C. W. C. E. was represented at the Wenatchee Apple Blossom Festival with the band escorting the Ellensburg Princess in the parade.

The music Department organized and staged the Central Washington Music Festival with twenty-eight high schools represented and an approximate attendance of 900 students.

## SUE LOMBARD

The girls of Sue Lombard attribute many of their happiest hours during the past year to the friendships acquired through the social life of the dormitory.

Freshmen were immediately initiated into dormitory life when they conducted a lively fire drill for the amusement of the upper classmen.

We were proud when we again won the annual Homecoming sign contest. "Suppressed Desires" was the theme of the hall's special party. It was surprising to learn that conditions have so curbed our desires; no one came dressed as a school teacher.

Especially to be remembered were the fireside given during Tolo Week and the Spring Formal. Then there was the annual Easter morning egg-hunt which must be included.

The patter of slippers down the hall in response to buzzers, the sound of voices through open doors, the clicking of typewriters, the odor of pop-corn, after-dinner dancing, radios blaring—all remind us that Sue's girls are living.

## KAMOLA

Beginning the school year with all her rooms filled to capacity, Kamola Hall started an active year by winning the Homecoming Stunt Night with a clever skit based on the age-old "Polishing the Apple" idea. This triumph was followed by a truly successful Christmas party which was enlivened by the exchange of presents and a program. During the winter quarter, our second annual Moonglow informal was held. With the East and West rooms transformed into moon magic, all the couples who attended this gala affair had a grand time. The hall also sponsored a theater party. After the movie, the girls returned to Kamola for dancing and refreshments, completing this evening of fun.

The pep and good-fellowship which has prevailed in Kamola for the past year can be traced definitely to her hard-working, capable corps of officers and to Mrs. Reynolds who, in one short year, has made this dormitory seem like home to the one hundred and fifty girls who work and play under Kamola's rambling tile roofs.

Munson Hall, with an increased resident membership, enjoyed one of its most active years. An industrious group of men displayed a clever sign and a gruesome skit for Stunt Night during the finest Homecoming Week to date. Christmas was appropriately observed with a "gift party" under Mrs. Maynard's supervision. Further, our firesides were the most enjoyable of informal functions on the campus. The climax of activities was the annual Faculty Breakfast April 30, which was presided over by the president.

Mingled in with these important happenings were all the unforgettable "bull sessions," scraping of chairs, and other incidents which caused the past quarters to become memorable.

## OFF-CAMPUS

Fall quarter the Off-Campus Club initiated a new idea in the line of entertainment. A Cabaret Dance was the new trend in social evenings. This dance and costume party was a huge success and proved to be very entertaining to the girls and their invited guests.

Less original, but every bit as much fun, was the outdoor picnic held for the girls. During the winter the annual banquet was held. Spring quarter produced the epic-making Prom sponsored by the Off-Campus Club. The torture of finding a new way to decorate the gym was all forgotten when the dance finally got under way—one of the biggest dances of the year. The season was ended with the Mother-Daughter banquet given for the mothers.

## SIGMA MU EPSILON

This year the Sigma Mu Epsilon club has adopted a new philosophy for their meetings. The programs given during the year consisted of numbers that were made up by the members themselves, including quartets, trios, piano duos, duets, solos. Many interesting compositions were made.

The club has always taken an active part in the activities on the campus. Members of the organization ushered for all the musical events; the Anita Lipp Concert was sponsored by the Sigma Mu Epsilon and the new Recording Hour on Wednesdays was also a new activity sponsored by the club for the campus students interested in hearing the recordings. Great plans are under way for next year's program.

## KAPPA DELTA PI

1938-39 has been a successful year intellectually, at least, for Kappa Delta Pi. For the first time, book reviews were introduced by Kappa Delta Pi. These reviews proved very entertaining and will, undoubtedly, be continued next year.

Social events for the year included the Homecoming Luncheon, the birthday party honoring one year of the club's successful work, and the annual Spring Banquet marking the end of the current year.

## A. C. E.

The Association for Childhood Education is an International organization devoted to the advancement of progressive early childhood education.

Meisner Chapter (formerly Kappa Pi) was organized on the Central Washington College of Education campus February, 1939.

Through the national publications, national and regional conferences, local and national study groups the Association exerts a definite influence upon the professional development of teachers, the attitude of the public toward young children, and upon the welfare of the children themselves.

Playnites were fun!—Specially the one where the initiates (in the dark) were 'taken' for a tour of the gym.—Friendly rivalry made basketball and baseball lively.—Breakfast hikes attracted hordes of hungry-dorm-fed girls.—We all had a jolly time on the over-nite trip at Taneum, cold swims in the river, long hikes, baseball, camp fires, mosquitoes, wild flowers, and food! The banquet in the Blue Room of the New York Cafe was a grand climax to the year's activities.

## HERODOTEANS

The year's activities of the club centered around the International Relations Club Conference held here in March. The local club acted as host to 143 delegates from 21 colleges of the Northwest. The general opinion is that the club succeeded both intellectually and socially.

Other activities of the club included the Open Forums, an annual banquet and a bean feed. Plans are under way for bigger and better Forums in the coming year and for more after-dinner speeches from the advisers!

## NEWMAN CLUB

The Newman Club is primarily a spiritual, educational and social club organized on the campus for college Catholics.

The first Sunday of each month is set aside for the Communion Breakfast, which is followed by a short club meeting.

Twice a month, discussion groups meet. The activities for this year close with the club picnic.

## INTERCOLLEGIATE KNIGHTS

The Claw chapter of the Intercollegiate Knights has completed its third year as a member of the national service honorary. Service is the motivating factor of the organization whose members ask only to be allowed to serve.

The many routine duties such as guiding, ushering, policing, and assisting in any number of ways are regular functions of the I. K.'s serving unnoticed.

Sharing heavily in important A. S. B. functions, the Claws heightened Homecoming with their colorful coronation of Queen Evelyn Murphy. Athletic coaches commended the I. K.'s for their aid in expediting games during the football, basketball, and track events.

Next year, under Duke-elect Lee Metcalf, the Claws will work to strengthen the A. S. B. in every way possible, to add to the success of any and all school functions, and to perform in such a way as to fulfill their pledge of Service, Sacrifice, and Loyalty.

## MOST BEAUTIFUL GIRL CONTEST

The "W" Club took their life in their own hands and were brave enough to come out with the pictures of a dozen girls labelled the most beautiful girls on the campus. The whole idea in back of this brave declaration was the search for a queen for the annual Colonial Ball. The boys took the initiative when they selected the girls and the students of the campus made the final decision. The ballots showed Dorothea Heath of Kamola Hall to be the most beautiful girl on the campus.

*Heaven Will Protect the Working Girl*

Geneva Deaton's Arith. helps here—she works in bus. office.

Carol Lippincott does Mrs. Holmes' licking.

Training School couldn't keep going without help of Olson and Quick.

Nellie Wines knows her tools—she works in Ind. Art Department.

If it's book-learnin' you want, consult Theda Black. She's a librarian.

Betty Lygerson learns recipes, tastes cooking, types for Econ. Dept.

Robin Hood had nothing on Elaine Brisbin, P. E. Dept. Worker.

Cleo Carrier can tell you about frogs, etc. She cleans up after Mr. Quigley.

Lantern slides aren't puzzling to Fine Art. Dept. worker, Dorothy Hanf.

Murian Potratzke answers phone, types, does odd jobs for Dr. Lind in Science Dept.

Registrar's Office keeps going with help of Florence Galliano.

Dorothy Nicholls keeps Mr. Holmes straight on Dean's work and finances.

**DAY'S END**

**KAMOLA-SUE RETIRE**

Ham, Dan and Roy take steps to aid Cleon's comfort.

Cleon makes dash for topper each nite lands on first snore. Springs are somewhat difficult to remove.

Cleon made it.

Never mind, Roy, he's still breathing.

Yep, and now what, little man?

Bucsko and Babe Bustle in.

One, two—slide—Excuse, please "Oh, don't Russell mah ruffie."

Murphy-Strange sit this out. Murphy, your feet are dirty.

Tommy Bridges thanks the good Lord that the contest needs be a bluebeard.
